Modern Slavery Act Transparency Statement

Supplier due diligence

All suppliers wishing to conduct business with PEGL or PESL must complete a supplier due diligence questionnaire. This is part of a supplier approval process that includes a pre-qualification assessment of HSE compliance, company and financial performance and relevant employment related information.

Following the completion of a 'Fair Supply Supplier Risk Review', Phoenix Group have taken the additional steps to engage directly with suppliers deemed to be of the highest risk of modern slavery. Relevant suppliers were provided with information on how the Phoenix Group complies with Modern Slavery legislation and were asked to confirm their compliance and provide copies of relevant supporting documentation (Policies, Transparency Statements etc).

Training

Alongside the promotion of our Modern Slavery Policy, where applicable, training that is proportionate to the level of risk has been provided to relevant staff.

Further steps

The Phoenix Group has engaged an external advisor to provide recommendations in respect of its response to the Modern Slavery Act.

Modern Slavery risk is to be monitored in a structured manner.

This statement will be reviewed annually by our Business Services department.
